Brad,
Yes, I will be in the office today through Thursday and working AWL this Friday. I've copied Erica, please let us know what would work for you.
Have you discussed a potential referral with IEPA? We are currently negotiating their work plan for the next Cooperative Agreement cycle. I am not sure they would be able to prioritize work at this site.

Pat,

Are you available anytime this week to get an update on the SH Bell site, it may be coming to your group for pre-remedial assessment for the lead issue.
